Now I'd like to ask you a few questions about federal spending on children and programs for children.

15. On a scale of 0 to 10, where 0 is not important at all and 10 is extremely important, how important should making sure all children have health insurance in America be for the new Congress and the President?

Now, let me tell you a little bit about the State Children’s Health Insurance Program, or S-CHIP.

S-CHIP, is a partnership between the federal government and states designed to provide health care coverage to families who earn too much money to qualify for Medicaid but cannot afford private insurance on their own. S-CHIP ensures children can get immunizations, regular check-ups, prescription drugs, and dental coverage in most states.]

16. Based on this description of S-CHIP, if you knew that S-CHIP were about to expire in March next year, would you favor or oppose S-CHIP’s renewal? (If favor/oppose, ask is that strongly or not so strongly favor/oppose?)

<b>Oppose.....</b>	<b>10</b>	<b>11</b>

17. If I told you that the funding to renew S-CHIP would come from an increase in the federal tobacco tax, would that make you more supportive of renewing S-CHIP, less supportive, or would it not make a difference? (If more supportive/less, ask is that much more or a little more/less supportive)

Much more supportive.....	46	49

<b>More supportive.....</b>	<b>65</b>	<b>66</b>
<b>Less supportive.....</b>	<b>10</b>	<b>9</b>

18. Thinking about the children of working families who have access to S-CHIP, do you favor or oppose Congress and the President working to expand programs like S-CHIP to ensure that all children in America, including legal immigrant children, have health care coverage? (If favor/oppose, ask is that strongly or not so strongly favor/oppose?)

Not so strongly favor.....	19	20
Not so strongly oppose.....	7	5
Strongly oppose.....	8	8

19. Right now, immigrant children who are here legally face a five-year waiting period before they are eligible for health care programs like the State Children’s Health Insurance Program. This means they are much less likely to get preventive care such as vaccinations and regular check-ups or treatment for health problems such as asthma or cancer.

Knowing this, do you favor or oppose eliminating the five year waiting period for legal immigrant children, or are you undecided? (If favor/oppose, ask is that strongly or not so strongly favor/oppose?)

Strongly favor.....	51	55
Not so strongly favor.....	17	15
Not so strongly oppose.....	6	7
Strongly oppose.....	13	12
Undecided.....	9	8
(Don’t know).....	5	4
Favor.....	67	70
Oppose.....	19	18

20. Now let me read you two statements and I want you to tell me which one comes closer to your own point of view.

**READ AND ROTATE**

Some/other people say that all children in the United States should have health care coverage. Keeping children healthy is something that we should all agree is in the best interest of the country, regardless of their immigration status, in order to give them the opportunity to become productive citizens.

Some/other people say that not all children in America should have health care coverage. We should continue to make legal immigrant children wait five years for coverage and we should not allow illegal immigrant children to have access to programs like S-CHIP. Especially now, we cannot afford to expand the program.

Which one comes closer to your own view:

Health coverage for all.....	63	66
Keep five year wait period.....	25	23
(Both: well if you had to choose?).....	2	2
(Neither: well if you had to choose?).....	3	3
