Georgia: Sources of Children's Coverage by Congressional District, 2015

State	Congressional district	Percent of children with Medicaid/CHIP	Percent of children with employer-sponsored insurance	Percent of children with direct purchase	Percent of children with other coverage	Percent of children who are uninsured
Georgia	Congressional District 1	41%	33%	4%	15%	6%
Georgia	Congressional District 2	56%	24%	3%	13%	4%
Georgia	Congressional District 3	34%	44%	6%	9%	7%
Georgia	Congressional District 4	44%	41%	4%	5%	7%
Georgia	Congressional District 5	51%	34%	4%	5%	6%
Georgia	Congressional District 6	17%	66%	8%	3%	6%
Georgia	Congressional District 7	33%	46%	9%	5%	7%
Georgia	Congressional District 8	45%	35%	4%	10%	6%
Georgia	Congressional District 9	38%	41%	4%	7%	10%
Georgia	Congressional District 10	37%	44%	5%	7%	7%
Georgia	Congressional District 11	26%	56%	7%	5%	5%
Georgia	Congressional District 12	46%	34%	3%	11%	6%
Georgia	Congressional District 13	44%	37%	7%	4%	8%
Georgia	Congressional District 14	38%	47%	4%	5%	6%

Notes: Children are defined as under 18 years of age. Other coverage includes Medicare, TRICARE, VA and two or more types of coverage. Direct-purchase includes coverage through the marketplace. The Census Bureau provides the following categories of coverage for respondents to indicate source of health insurance: current or former employer, purchased directly from an insurance company, Medicare, Medicaid or means-tested public coverage (includes CHIP), TRICARE/military health coverage, VA health care, Indian Health Service (IHS), or other. Individuals who indicate IHS as their only source of health coverage do not have comprehensive coverage and are considered to be uninsured. The congressional district boundaries represent those that were in effect for the 114th Congress.
