

District of Columbia: Sources of Adults' Coverage by County, 2011-2015

State	County	Percent of adults with Medicaid	Percent of adults with ESI	Percent of adults with direct purchase	Percent of adults with other coverage	Percent of adults who are uninsured
District of Columbia	District of Columbia	17%	57%	8%	11%	7%

Notes: Adults are defined as 18-64 years of age. Other coverage includes Medicare, TRICARE, VA and two or more types of coverage. Direct-purchase includes coverage through the marketplace. The Census Bureau provides the following categories of coverage for respondents to indicate source of health insurance: current or former employer, purchased directly from an insurance company, Medicare, Medicaid or means-tested public coverage (includes CHIP), TRICARE/military health coverage, VA health care, Indian Health Service (IHS), or other. Individuals who indicate IHS as their only source of health coverage do not have comprehensive coverage and are considered to be uninsured.
