

Indiana Medicaid & Hoosier Healthwise: Covering Indiana's Children

In large part thanks to Medicaid and Hoosier Healthwise (CHIP), 94% of Indiana children have health coverage. Our most vulnerable families count on these programs to help their children grow into healthy, productive adults.

BUILT TO HELP CHILDREN

Medicaid and CHIP guarantee children the services they need to grow up healthy and thrive:

Check-ups

Dental care

Immunizations

Prescriptions

Health screenings

54%

of Medicaid and Hoosier Healthwise enrollees are children.

COVERING CHILDREN WHO NEED IT MOST

In Indiana, Medicaid and Hoosier Healthwise cover:

41%

of infants, toddlers and preschoolers

51%

of children with disabilities or special needs like diabetes and asthma

78%

of children who live at or near poverty

100%

of children in foster care

LONG-TERM BENEFITS FOR INDIANA

Children with health insurance are more likely to succeed in school and in life. Children enrolled in Medicaid **miss fewer school days, perform better in school, are more likely to graduate high school and go to college, earn higher wages and pay higher taxes as adults.**

We must keep Medicaid and Hoosier Healthwise strong for Indiana and our children. Changes or federal funding cuts that threaten coverage for children are a step in the wrong direction.
