

# Rhode Island Medicaid & Rite Care: Covering Rhode Island's Children

In large part thanks to Medicaid and Rite Care (CHIP), 98% of Rhode Island children have health coverage. Our most vulnerable families count on these programs to help their children grow into healthy, productive adults.

## BUILT TO HELP CHILDREN

Medicaid and CHIP guarantee children the services they need to grow up healthy and thrive:

Check-ups

Dental care

Immunizations

Prescriptions

Health screenings

**39%** of Medicaid and Rite Care enrollees are children.

## COVERING CHILDREN WHO NEED IT MOST

In Rhode Island, Medicaid and Rite Care cover:

**44%**

of infants, toddlers and preschoolers

**50%**

of children with disabilities or special needs like diabetes and asthma

**81%**

of children who live at or near poverty

**100%**

of children in foster care

## LONG-TERM BENEFITS FOR RHODE ISLAND

Children with health insurance are more likely to succeed in school and in life. Children enrolled in Medicaid **miss fewer school days, perform better in school, are more likely to graduate high school and go to college, earn higher wages and pay higher taxes as adults.**

**We must keep Medicaid and Rite Care strong for Rhode Island and our children. Changes or federal funding cuts that threaten coverage for children are a step in the wrong direction.**
