

Medicaid is Vital to Maine's Children

Medicaid, or MaineCare, is a public health insurance program designed to help people who otherwise could not afford health coverage.

Medicaid is a lifeline to children and families in Maine and is built with children's unique needs in mind.

34% of people enrolled in Medicaid in Maine are children

Medicaid pays for 39% of Maine births

Helps ensure access to critical prenatal care, maternity care, and postpartum services.

Medicaid covers 35% of all Maine children

Insures children in low-income families and nearly all children in foster care.

Medicaid covers 36% of children in Maine with special health care needs

Provides medical, behavioral health, and long term care for children with special health care needs and disabilities.

Medicaid is the largest source of federal funding for mental health services

Supports mental and behavioral health treatment for children, adolescents, and adults.

MAINECARE IS VITAL TO MAINE'S CHILDREN

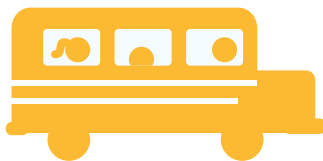

The federal government contributes \$1.58 to Medicaid for every \$1 Maine invests.

62% of federal funding sent to Maine is for Medicaid, which is about \$3.0 billion annually.

Medicaid is a smart long-term investment in children.

Children enrolled in Medicaid:

Miss fewer school days

Are more likely to graduate from high school

Grow up to be healthier adults

Earn higher wages
