

Medicaid is Vital to Minnesota's Children

Medicaid, or Minnesota Medical Assistance (MA), is a public health insurance program designed to help people who otherwise could not afford health coverage.

Medicaid is a lifeline to children and families in Minnesota and is built with children's unique needs in mind.

50% of people enrolled in Medicaid in Minnesota are children

Medicaid pays for 34% of Minnesota births

Helps ensure access to critical prenatal care, maternity care, and postpartum services.

Medicaid covers 32% of all Minnesota children

Insures children in low-income families and nearly all children in foster care.

Medicaid covers 37% of children in Minnesota with special health care needs

Provides medical, behavioral health, and long term care for children with special health care needs and disabilities.

Medicaid is the largest source of federal funding for mental health services

Supports mental and behavioral health treatment for children, adolescents, and adults.

MINNESOTA MA IS VITAL TO MINNESOTA'S CHILDREN

The federal government contributes \$1.03 to Medicaid for every \$1 Minnesota invests.

55% of federal funding sent to Minnesota is for Medicaid, which is about \$11.7 billion annually.

Medicaid is a smart long-term investment in children.

Children enrolled in Medicaid:

Miss fewer school days

Are more likely to graduate from high school

Grow up to be healthier adults

Earn higher wages
