

# Medicaid is Vital to New Jersey's Children

Medicaid, or New Jersey FamilyCare, is a public health insurance program designed to help people who otherwise could not afford health coverage.

Medicaid is a lifeline to children and families in New Jersey and is built with children's unique needs in mind.

37% of people enrolled in Medicaid in New Jersey are children

Medicaid pays for 31% of New Jersey births

Helps ensure access to critical prenatal care, maternity care, and postpartum services.

Medicaid covers 33% of all New Jersey children

Insures children in low-income families and nearly all children in foster care.

Medicaid covers 45% of children in New Jersey with special health care needs

Provides medical, behavioral health, and long term care for children with special health care needs and disabilities.

Medicaid is the largest source of federal funding for mental health services

Supports mental and behavioral health treatment for children, adolescents, and adults.

## NEW JERSEY FAMILYCARE IS VITAL TO NEW JERSEY'S CHILDREN

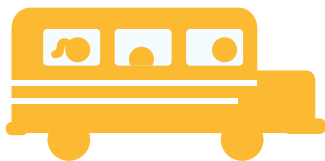

The federal government contributes \$1.00 to Medicaid for every \$1 New Jersey invests.

36% of federal funding sent to New Jersey is for Medicaid, which is about \$11.3 billion annually.

Medicaid is a smart long-term investment in children.

### Children enrolled in Medicaid:

Miss fewer school days

Are more likely to graduate from high school

Grow up to be healthier adults

Earn higher wages
