

Medicaid is Vital to North Dakota

North Dakota Medicaid is a public health insurance program designed to help people who otherwise could not afford health coverage.

Medicaid is a state-federal partnership, which means that federal and state funds jointly finance North Dakota Medicaid.

Medicaid Enrollment and Spending by Eligibility Group

MEDICAID IS VITAL TO NORTH DAKOTA'S BUDGET

The federal government contributes **\$1.04** to Medicaid for every **\$1** North Dakota invests.

37% of federal funding sent to North Dakota is for Medicaid, which is about \$972 million annually.

Federal funding for Medicaid is critical to health care in North Dakota

Medicaid pays for 37% of births in North Dakota

Helps ensure access to critical prenatal care, maternity care, and postpartum services.

Medicaid covers 23% of all North Dakota children

Insures children in low-income families, children with special health care needs, and children in foster care.

Medicaid pays for the care of 53% of nursing home residents in North Dakota

Provides critical nursing home and community-based services for seniors and people with disabilities.

Medicaid covers mental health services in North Dakota

Nationally, Medicaid is the largest single source of funding for mental health and substance use care.

FEDERAL MEDICAID CUTS WOULD:

- 1 Do nothing to lower health care costs** or improve quality and access to care.
- 2 Devastate state budgets**, putting other priorities like K-12 funding at risk.
- 3 Undermine financial stability of the health system**, especially rural hospitals and community clinics.
- 4 Jeopardize health coverage** for millions of children and families, seniors, and people with disabilities.
