

# Medicaid is Vital to Washington

Apple Health is a public health insurance program designed to help people who otherwise could not afford health coverage.

Medicaid is a state-federal partnership, which means that federal and state funds jointly finance Apple Health.

## Medicaid Enrollment and Spending by Eligibility Group

## MEDICAID IS VITAL TO WASHINGTON'S BUDGET

The federal government contributes \$1 to Medicaid for every \$1 Washington invests.

70% of federal funding sent to Washington is for Medicaid, which is about \$12.0 billion annually.

## Federal funding for Medicaid is critical to health care in Washington

### Medicaid pays for 35% of births in Washington

Helps ensure access to critical prenatal care, maternity care, and postpartum services.

### Medicaid covers 38% of all Washington children

Insures children in low-income families, children with special health care needs, and children in foster care.

### Medicaid pays for the care of 59% of nursing home residents in Washington

Provides critical nursing home and community-based services for seniors and people with disabilities.

### Medicaid covers mental health services in Washington

Nationally, Medicaid is the largest single source of funding for mental health and substance use care.

## FEDERAL MEDICAID CUTS WOULD:

- 1 Do nothing to lower health care costs** or improve quality and access to care.
- 2 Devastate state budgets**, putting other priorities like K-12 funding at risk.
- 3 Undermine financial stability of the health system**, especially rural hospitals and community clinics.
- 4 Jeopardize health coverage** for millions of children and families, seniors, and people with disabilities.
