

# Medicaid is Vital to Wisconsin

BadgerCare Plus is a public health insurance program designed to help people who otherwise could not afford health coverage.

Medicaid is a state-federal partnership, which means that federal and state funds jointly finance BadgerCare Plus.

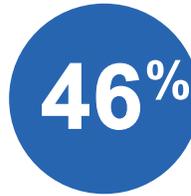

## Medicaid Enrollment and Spending by Eligibility Group

## MEDICAID IS VITAL TO WISCONSIN'S BUDGET

The federal government contributes **\$1.54** to Medicaid for every **\$1** Wisconsin invests.

**46%** of federal funding sent to Wisconsin is for Medicaid, which is about \$8.0 billion annually.

## Federal funding for Medicaid is critical to health care in Wisconsin

### Medicaid pays for 46% of births in Wisconsin

Helps ensure access to critical prenatal care, maternity care, and postpartum services.

### Medicaid covers 33% of all Wisconsin children

Insures children in low-income families, children with special health care needs, and children in foster care.

### Medicaid pays for the care of 55% of nursing home residents in Wisconsin

Provides critical nursing home and community-based services for seniors and people with disabilities.

### Medicaid covers mental health services in Wisconsin

Nationally, Medicaid is the largest single source of funding for mental health and substance use care.

## FEDERAL MEDICAID CUTS WOULD:

- 1 Do nothing to lower health care costs** or improve quality and access to care.
- 2 Devastate state budgets**, putting other priorities like K-12 funding at risk.
- 3 Undermine financial stability of the health system**, especially rural hospitals and community clinics.
- 4 Jeopardize health coverage** for millions of children and families, seniors, and people with disabilities.
